

OUR MISSION STATEMENT

"To serve as a mentor and coaching resource to develop youth (especially those who are underprivileged and disenfranchised) and aspiring golfers through clinics, training, and workshops, utilizing golf as a platform for achieving sustainable Life Values that will enhance their success through High School, College and Life."

Net proceeds from this fundraiser will benefit targeted youth in our surrounding communities and the greater Chicagoland area by providing the opportunity for them to participate in a golf development program at no cost to them or their families. Year-round driving, pitching, and putting instructional sessions, along with on-course team and individual play for beginning and advanced levels, are provided each available Saturday. Periodic professional instruction, course fees, golf clubs, and balls are also provided.

Since 2003, **our program has impacted the lives of over 1000 youth.** Many of our participants have worked as caddies at local courses during the golf season. One received a Chick Evans Scholarship and recently graduated from Northwestern University. Others have been successful as members of their high school golf teams. An integral part of the Youth Golf Development Program is the mentoring relationship between the volunteer coaches and the participating youth. Valuable life skills, such as discipline, cooperation, communication, and integrity, are being taught in addition to the game of golf. This program is having an immeasurable, positive impact on the lives of youth and their families since 2003.

JOIN

GOLF FOR LIFE NFP

for a day of golf and fellowship as we
celebrate another year of impacting the
lives of youth in our community.
